Journal of Economic Asymmetries

Conference Presentations

Canadian Economics Association Annual Meetings	Ottawa, ON	Jun 2016

Paper presented: "Can analysts predict volatility?"

9th International Conference on Computational and Financial Econometrics	London, UK	Dec 2015

Paper presented: "A new measure of vector dependence, with an application to financial contagion."

Canadian Economics Association Annual Conference (presenter, discussant, CESG session chair)	Toronto, ON	May 2015

Paper presented: "When does the stock market listen to economic news? New evidence from copulas and news wires."

Canadian Economics Association Annual Conference (presenter, discussant, CESG session chair)	Vancouver, BC	May 2014

Paper presented: "Can analysts predict rallies better than crashes?"

Canadian Economics Association Annual Conference (presenter)	Montreal, QC	May 2013

Paper presented: "The Serial Dependence Function: Omnibus measure of serial dependence based on the empirical copula process"

Midwest Econometrics Group Meetings (presenter)	Chicago, IL	Oct 2011

Paper presented: "A test for independence in econometric models"

Canadian Econometrics Study Group (CESG) Annual Meeting (presenter)	Toronto, ON	Oct 2011

Paper presented: "A test for independence of random vectors based on weighted empirical copula process"

Canadian Economics Association Annual Meeting (presenter, discussant)	Ottawa, ON	Jun 2011

Paper presented: "A test for independence of random vectors based on weighted empirical copula process"

Midwest Econometrics Group Meetings (presenter)	St. Louis, MO	Nov 2010

Paper presented: "A test for independence of random vectors based on weighted empirical copula process"

Canadian Economics Association Annual Meeting (presenter, discussant)	Québec City, QC	May 2010

Paper presented: "Macroeconomic news index: analyzing the effect of macroeconomic news on financial markets"

Invited Talks

University of Sydney Business School	Sydney, AU	August 2016

Title: "Can analysts predict volatility?"

Department of Economics, Ryerson University	Toronto, ON	Oct 2013

Title: "Copula-based measures of vectorial dependence"

Statistics & Data Centre, University of Western Ontario	London, ON	Apr 2013

Title: "Topics in applied time-series analysis"

Statistics & Data Centre, University of Western Ontario	London, ON	Oct 2011

Title: "Introduction to time-series analysis"

Other Presentations

Ryerson Doctoral Workshop on Applied Econometrics	Toronto, ON	May 2015

Title: "Discussion of: Financial Modelling with Censored / Truncated Distributions, by Xiao Yan Lin (University of Waterloo)".

Brock University Research Celebration	St. Catharines, ON	Mar 2014

Title: "On Predictive Value of Analyst Recommendations"

Brock University Economics Research Seminar	St. Catharines, ON	Oct 2013

Title: "Non-Parametric Measures of Vector Dependence"

Grants & Awards

Faculty Excellence in Teaching Award	Brock University	2016
Council for Research in Social Sciences Grant	Brock University	2015-2012
Ontario Graduate Scholarship	Western University	2011
Social Science Alumni Association Award	Western University	2011
Social Science Research Fellowship	Western University	2010
Western Graduate Scholarship	Western University	2007

Other Distinctions

Summer paper prize (nomination)	Western University	2009
Alumni essay prize (nomination)	Western University	2006

Department Service

Graduate committee	Brock University	2013,2014,2016
Research seminar committee	Brock University	2012,2013,2015
Computer committee	Brock University	2013,2015
Committee for academic policy	University of Western Ontario	2009

Student Supervision

Haoyang Zheng (Master's Research Paper)	2016
Mikhail Susin (Master's Research Paper)	2016
Ning Zhao (undergraduate)	2013
